C. C. FOWNING, Editor and Proprietor

CONSTITUTIONAL CONVENTION, YES.

The necessity for a thorough overhauling and revision of our present Constitution has for years been apparent to all who are familiar with State affairs, and especially to those who have had any experience in legislative or other public matters. The expense of running our State and County government, is at least 30 per cent more than it should be, or as it would be, if our Legislatures were not restricted by the present obstructive, incongruous and most incomprehensible instrument which the people of the Territory in their haste to be admitted as a State, adopted as their fundamental law. The present Constitution was formulated during the flush and booming times, when everything was being run upon the high pressure system, and when it seemed probable that the population and revenue resources of the State would at least quadruple within the space of half a score of years. Instead of that, both have decreased and the instrument which might in some respects have been suitable for a State four times as large as Nevada has proven totally unfit for its present condition and wants. No important economic reform can be inaugurated or accomplished under it, for when any such is attempted, it is at once confronted by a barrier in the shape of a Constitutional obstruction which it is impossible to surmount and which renders futile every effort of the most competent, conscientious and economical legislator. The State government is nearly twice as expensive as one far better adapted to our condition would cost. There are more offices than we require, and in fact our State affairs would be better conducted and more effectual service would be assured by the dropping of nearly one-half of the present number. The four District Judges could perform all of the duties of the present Supreme Court and still have more leisure time than lawyers with fair practices. It is done in Territories with four times the population and litigation of Nevada, and in several of the States the same system prevails. This change alone would save the State nearly twenty thousand dollars a year, and it is only a single item of the many savings that could be effected, not only without detriment, but to the absolute advancement of the public interest. Reforms proportionately beneficial could also be made in county and municipal governments under a favorably operating Constitution, which are impossible under the existing one. The "special legislation" clause with its present wording is a nuisance and a barrier to any wholesome change which the circumstances or affairs of any particular county might render it desirous to be made. In fact we could cite a hundred reasons why a Convention should be called, while the one solitary objection that can be urged against the proposition is the expense. We will undertake to prove that the saving to the State in a single year, under a Constitution adapted to its condition, would fully cover the cost of the entire business, even including that of a special election to vote upon the Constitution, of which, however, there is no particular need. The JOURNAL will from time to time give other reasons in support of the proposition, and it hopes that the subject will be fully discussed before the political conventions meet, and that those bodies will act upon it, and either order or recommend that the tickets at the general election be printed so as to support the affirmative side of the question.

Stands as He Always Did.

Elsewhere in this issue will be found the report of an interview of a press correspondent with Senator J. P. Jones upon the silver situation. As might have been expected, and as every Nevada at least, ought to have known, the Senator will draw the line at free coinage and will accept nothing less. Our senior Senator has been the subject of considerable unjust and foolish criticism, because he reported from the Finance Committee a bill not acceptable in many respects to his constituents. He could not have done otherwise, as everyone at all familiar with legislative matters ought to have known. It was the best bill that would be conceded by the majority of the committee and Mr. Jones struggled manfully to obtain even the concessions that he did. He was of course obliged to report the bill formulated by the committee, but when he did so, he stated in the most emphatic terms that he reserved the right of attacking it upon the floor of the Senate. He probably understands the situation as well, if not better, than any other member of either House, and every speech and movement he has made has been leading up to and in perfect consonance and with the position he now occupies, and has always occupied, as an absolute and uncompromisingly free coinage Senator. He has never changed either his views, policy or methods, and it did not need his recent declaration to the press correspondent to convince those who know him best, or who have intelligently watched his course, that he is, and always has been, in full sympathy with the uncompromising free coinage sentiment of his constituents.

Edmunds' plan of disposing of the property of the Mormon Church, by devoting it to the benefit of the public schools of Utah, is about as good a one as has yet been suggested.

EDMUNDS REPORTS A STRINGENT BILL FOR THE GOVERNMENT OF UTAH.

Killed by a Dynamo—More Prize-Fighting in San Francisco—New Railroad Scheme.

Edmunds' New Utah Bill.

SPECIAL TO THE JOURNAL.
WASHINGTON, June 11.—Senator Edmunds from the Committee on Judiciary to-day reported back favorably with amendments the bill recently introduced by him providing for the reorganization of the Government of Utah. By the terms of the bill the existing election districts and apportionment of representatives for members of the Territorial Legislature are abolished and it is made the duty of the Governor, Territorial Secretary and Board of Commissioners as soon as practicable after the result of the census is made known to redistrict the Territory and make a new apportionment for legislative purposes. The offices of Territorial Auditor, Treasurer and Commissioners to locate University lands, Probate Judge, County Clerks, Selectmen, Assessors, Recorders and Superintendents of District Schools are vacated and the appointment of all these officers is vested in the Governor, subject to the approval of the Board of Commissioners. The Board of Commissioners is authorized and empowered in its discretion to cause new registration of the voters in Utah and make and enforce rules and regulations not inconsistent with the laws of the United States, for the conducting of registration and elections in the Territory.

New Railroad Enterprise.

SPECIAL TO THE JOURNAL.
SAN FRANCISCO, June 12.—The recent trip of I. R. Wilbur to Boston is now stated to have been in the interest of the San Joaquin Valley Railroad, which has been surveyed from Antioch south through Teton Pass, to Rogers. It is stated that Mr. Wilbur went east to make two propositions to the Santa Fe Directors, first that the big line should purchase the little one when completed, and second that the Santa Fe should guarantee its business. If either proposition is accepted it is understood that private capital will complete the line. In this connection the plan of Capt. Smith of the California & Nevada Railroad to run a tunnel through the hill into Walnut Creek Valley is of interest. Smith has made surveys to connect with Wilbur's road and the greatest engineering difficulty in it was the tunnel, which he now claims will soon be opened. Some of the bonds of the road have been recently floated.

Murder and Suicide.

SPECIAL TO THE JOURNAL.
ALBANY, Or., June 12.—A terrible tragedy occurred near Lebanon early this morning at the home of Grant Arnsbaugh who lived with his family, consisting of a wife and two children. Mrs. Arnsbaugh's sister had been living with the family for some time. About 3 o'clock this morning Mrs. Arnsbaugh missed her husband, and hearing a noise in her sister's room entered it and found her sister sitting in Arnsbaugh's lap, both in their night robes. Mrs. Arnsbaugh drew a revolver and fired at her husband, the ball entering his breast. He fell to the floor and the sister fled from the room. Mrs. Arnsbaugh then shot herself in the head and died in a short time. Arnsbaugh lived several hours and confessed the above facts. The Coroner's jury this afternoon rendered a verdict accordingly. The participants in the tragedy were regarded as quiet and unassuming people.

A Presidential Veto.

SPECIAL TO THE JOURNAL.
WASHINGTON, June 12.—The President to-day returned to the House, without his approval, the bill for the erection of a public building in Tuscaloosa, Ala. The President in his veto message says: "In the present uncertain state of the public revenues and expenditures resulting from pending and probable legislation, there is to my mind absolute necessity that expenditures for public buildings should be limited to cases where the public needs are very evident and very imperative, and it is clear that this is not such a case."

Maryland's Defaulting Treasurer.

SPECIAL TO THE JOURNAL.
BALTIMORE, June 12.—A legislative committee investigated State Treasurer Archer's affairs to-day and completed its work. The total amount of defaultation was \$132,401. The committee says the funds were used by Archer to pay off his personal indebtedness incurred as far back as the time he represented the second district in Congress.

Senate Proceedings—Appropriation Bill Reported.

SPECIAL TO THE JOURNAL.
WASHINGTON, June 12.—Allison to-day reported the Legislative, Executive and Judicial Appropriation bill. The bill as it passed the House carried a total of \$2,842,447. The Senate committee added \$313,470.

Another Prize Fight Arranged.

SPECIAL TO THE JOURNAL.
SAN FRANCISCO, June 12.—The Occidental Club has matched Billy Mahan of San Francisco and Austin Gibbons of New York to fight July 22d for a purse of \$1,200.

Killed by a Dynamo.

Special to the Journal.

ST. HELENA, Cal., June 12.—Last evening an accident occurred at the electric light works which will result in the death of Superintendent Lawrence Dickworth. He was in the dynamo room trying to adjust a short belt between the dynamo and exciter, when the belt flew off, knocking him down and throwing him against a dynamo, where he was knocked senseless. He has remained unconscious ever since, and is now rapidly sinking.

LATER.—Superintendent Dickworth, of the Electric Light Company, died at 4:30 this afternoon.

The National Election Bill.

Special to the Journal.

WASHINGTON, June 11.—The House caucus committee charged with the preparation of the National Election bill outlines the one agreed upon by the last caucuses and has sent a rough draft to the printer. Some changes are made already in the original Rowell bill, notably a provision that in cases of conflict between the returns sent in by the State election officers and by those of the United States Supervisors, the latter are to constitute prima facie evidence of the right of the member to his seat, and a provision that the United States Court within the election district shall appoint a Board of three persons representing both political parties to canvass the return of the Supervisors.

Silver Talk in the Senate.

Special to the Journal.

WASHINGTON, June 11.—Speaking of the proposed opening of the American Mints to the silver of the world, Evans said, with the difference in ratios (15½ in Europe and 16 in this country) that measures would be utterly impracticable, especially if it was desired alone to cause the opening of Mints abroad to silver. Money can never be safely trusted as a commodity.

Morgan began a free coinage speech, but without concluding yielded to a motion to adjourn.

House Proceedings.

Special to the Journal.

WASHINGTON, June 12.—Morrow, of California, presented the Conference report on the Pension Appropriation bill. The report, which is a disagreeing one, was adopted, and a further conference ordered. The House then went into Committee of the Whole on the Agricultural Appropriation bill. The committee soon rose and the bill was passed.

The House then took a recess.

Fatal Railway Accident.

Special to the Journal.

LOS VEGAS, N. M., June 12.—A collision between two freight trains near Ortez yesterday resulted in the instant death of two firemen named Ed Hoffman and J. Nicholson.

Appointment of a Carson Boy.

Special to the Journal.

WASHINGTON, D. C., June 12.—Albert Eugene Saxton, of Carson City, Nev., has been appointed cadet to the West Point military academy.

Pleaded Guilty to Murder.

Special to the Journal.

PRESTON, A. T., June 12.—Andrew Lopez, who killed and robbed Peter Verder about a year ago, pleaded guilty to the charge to-day in the District Court.

TIMELY WARNING.

Senator Stewart held this warning over the heads of his colleagues in the Senate: "Shall silver be treated as money to increase the amount of standard money in the world, or shall it be treated as a commodity? The issue must not be obscured. It is worth nearly as much as success. Let silver legislation be defeated, let the issue come before the people, and let politicians look out for themselves."

It is possibly true that the silver plank in the last National Republican platform retired Mr. Sherman from the contest for the Presidential nomination and had much to do with the success of the party; and the silver question, unless it shall meanwhile be settled, will have still more to do with the selection of Presidential candidates by both the political parties two years hence. This is one of the great questions of the hour in which there is no politics. It seems to be the South and West arrayed against the North and East.—Marysville Democrat.

Does Not Favor It.

The Glass Valley (Cal.) Telegraph, publishes Mr. Fitch's letter to the JOURNAL and infers that he "acquiesces in the McKinley delusion." This is a mistake. Mr. Fitch does not endorse the McKinley bill, nor does the wording of his communication, in our opinion, admit of such a construction. He regards the free coinage vote against it as an encouraging indication, and believes that the bill will be amended in a satisfactory manner in the Senate and that the House, judging from its former vote, will concur in the amendments, even perhaps to the extent of absolute free coinage. This is certainly a reasonable conjecture, and is warranted by the proceedings of the House, and the bi-metallic sentiments manifested in the debates in the Senate.

The Alta, referring to the late fatal prize fight in San Francisco, says: Is it sport to hammer a man to death in the presence of an athletic club? If so, what is the difference between us and the Romans, who looked upon the combats between gladiators and turned thumbs up or down to decide between life and death? Every man who looked on at the death-mauling of McBridge in the Golden Gate Club should be arrested and convicted of the crime of manslaughter, and should stand his term over the bay for it.

BREVITIES.

What will you take for your Potosi?
John R. Bradley left yesterday morning for Elko.

Paint your house with the best mixed paints. Sold by Lange & Schmitt.

Ice, a quarter of an inch in thickness, formed one night last week at Belmont.

Go to Lange & Schmitt for garden hose, garden tools, and agate ware. Largest stock in the city.

The University commencement exercises yesterday wound up with a grand ball at Armory Hall in the evening.

The gilded motto lettering on the banner on the stage at the Opera House yesterday was the artistic work of Prof. W. B. Daugherty.

John Ludwig, of Gold Hill and Evan Williams, of Carson, will leave here this morning for Silver City, Idaho, to look at some mines in that vicinity.

It is remarkable the quantity of dry goods which are being sold at F. Levy & Bro.'s store. Their extremely low prices induces everybody to dig up cash.

Captain A. D. Rock, of Eureka, who attended the Masonic Grand Lodge, at Carson, is in Reno, and will remain here until the meeting of the Grand Lodge, I. O. O. F.

A published call for a Fourth of July meeting in Tuscarora resulted in the assembling of six patriots, who organized and resolved to go a fishing on our oration's natal day.

Major Ducat and family left yesterday morning for Fort Grant in Arizona. They took with them the best wishes of the host of friends which they have made during their residence in Reno.

Ben Rosenthal, of Hawthorne, and E. T. Dobbins, a Californian, will run a 100-yard foot race at Carson on the 22d inst. The stakes are \$3,000 a side—the largest ever run for in the State.

A Washington dispatch states that Albert E. Saxton, who passed an examination before the Board at Carson, has been appointed a cadet at West Point. He left here for the East last Sunday.

"A Pair of Jacks" drew a fair sized audience at the Opera House last night. The entertainment, though rather short, was a year's ration of rollicking fun, served out in the space of about one hour and forty-five minutes.

Reno's weather prophet predicts that next winter will be as severe as the last one. There is no consolation at all events. There won't be as many cattle to perish as there was at the commencement of the last cold season.

The residence of F. G. Newlands is completed and furnished and the family moved into it yesterday. Mr. Newlands is expected home in a few days. He will find probably the finest residence in the State awaiting his return.

Judge M. A. Murphy of the Supreme Court passed through Reno last Tuesday en route to San Francisco. He had been attending at the bedside of a sick brother in Chicago, but he was better and considered out of danger when the Judge left.

J. A. Davis, a brakeman on the Humboldt Division of the C. P., was last Tuesday morning badly, and perhaps, fatally injured at Elko by falling before and being dragged by a moving car. His left leg was broken, his head badly bruised, and it is feared he was injured internally. The unfortunate young man's parents live at Virginia City.

Agent Sears left yesterday morning for the Pyramid Lake Reservation. He informed the JOURNAL that the greater part of the bottom lands at the Reservation was still overflowed, but that the water is receding and if it falls in the same proportion during the remainder of the present month, that there will be an abundant hay crop. It will be too late, however, for grain crops. There are about 1,000 Indians at the Pyramid and Walker Lake Reservations.

Vale Sarah Althea.

The Supreme Court of California last Tuesday rendered a decision which may be regarded as the grand finale in the Sharon divorce case. It was in the case against Frederick Sharon as executor appealed, and the Supreme Court reversed the order of the lower court, allowing the plaintiff, Sarah Althea Sharon, \$7,439.25 as alimony and costs. The effect of this decision not only deprives the plaintiff of the amount allowed, but also, by reason of holding that the Federal Courts first had jurisdiction of the original case, puts an end practically to the new trial pending in the Superior Court, thus ending the whole matter.

Firemen's Meeting.

RENO, Nev., June 12, 1890.

Members of Fire Engine Company No. 1, Reno Fire Department, are requested to meet at their engine house on Sunday morning, June 15th, at 9:30 o'clock sharp, for drill.

Haying.

Several farmers on the Big Meadows, says the Silver State, have commenced cutting their alfalfa. The crop is said to be unusually heavy this season. Some ranchers in Paradise Valley will probably commence haying this week.

SENATOR JONES ON SILVER.

He is Opposed to the McKinley Bill, and Will Hold For Free Coinage or Nothing.

A press representative talked with Senator Jones at Washington a few days ago about silver matters, and the dispatch says: Since his recent brilliant speech in the Senate on silver, Mr. Jones has occupied a very enviable position among Washington statesmen. "Nevada may be a rotten borough, but she has produced more silver and brains than a good many other boroughs," said Senator Voorhees yesterday, in speaking of Senator Jones' recent speech.

"Senator Jones, how do you like the silver bill passed by the House on Saturday?" inquired the correspondent.

"You mean how I dislike it?" laughed the Senator. "Well it is by no means what we wanted and what Western people demanded. It simply makes a commodity of silver bullion. We wanted silver coinage, and this is what we got from the House when the bill came over on the Senate side. We will pass a free coinage bill or nothing. We will not favor any compromise measure. In the conference between both Houses on the matter I am hopeful that the House will accede to the demand of the country for silver coinage. We will impress upon them very forcibly the fact that if we have any silver legislation at all this season it must be something very nearly approaching the free coinage of silver."

"What would be the effect of the enactment of the so-called Windom bill into a law?" asked the reporter.

"Why it simply provides for the storage of silver bullion and issuance of certificates thereon, without bringing the addition of metal money into circulation. Some say that it is better than no bill at all, but I am inclined to believe matters would be as well or better under the present law on this subject."

Annual Commencement Exercises.

The Opera House was well filled yesterday afternoon upon the occasion of the Annual Commencement of the Nevada State University. In addition to our own citizens, there was quite a large attendance from the country, Carson and other neighboring towns. Great interest was manifested in the exercises and all were well pleased with the success which attended them and the manner in which they were conducted. The stage, which was occupied by the officers and teachers of the University, the pupils participating in the exercises and a few others, was decorated in the rear with an elegant banner, bearing this motto: "Mind Knows no Master but Will." At two o'clock the orchestra played the overture inaugurating the exercises. The essays of the business class, "Heroes in real life" by George E. Bates; "Industry leads to Success," Estella B. Ede; "After graduation—what?" Nellie G. Little; "Youth, Life's supreme Opportunity," Chas. Magill; "This wonderful age," Franklin J. Powers; "Loss and Gain," Clara C. Richardson; "Energy and what it will accomplish," Thomas H. Robb; "Trial Balance," Helen M. Shelby, were all far above the average standard, and were read with most excellent effect. Those of George E. Bates, Nellie G. Little, Frank J. Powers and Clara C. Richardson being deserving of especial mention. In the Normal class, "The Spirit of Pestalozzi," Blanche Atherton; "Old School Customs," Mary Clow; "Our National Motto," Frances Frey; "The Popular Bad boy," Helena Joy; "The New Education," Persia Lemmons; "Juvenile Literature," Adeline Morton; "School Song," Charlotte Shaber; "The Child of Fiction," Jennie McFarlin; "The Young Teacher," Annie Olcovich; "Post Graduate Education," Hattie Rhodes; "Child of the Public Press," Elizabeth Savage; "The Child Actor," Mary Snow. All evinced careful study and a thorough knowledge of the subjects by the several authors. If distinctions are admissible, the names of Misses Atherton, Joy, Morton, Rhodes, Savage and Snow would, perhaps, deserve to be printed in italics, although all were deserving of most honorable mention. The addresses to the classes by Governor Stevenson and Superintendent Dovey, were omitted on account of the unavoidable absence of those gentlemen; also the essay of Miss Chrissie A. Andrews, who too, was absent. President Jones announced that owing to the illness of Miss Kitty Linn, that young lady failed to graduate. He spoke of her as one of the very best scholars and regretted that she was not among the graduates. The solo by Professor Hayman was loudly applauded, as was also the instrumental trio by Hayman, Barlow and Fredrick, and the piano solo by Jennie C. Lachman. The orchestra was very happy in its selections and was the subject of many complimentary remarks, as well as judicious applause. The entire exercises in fact, were of a most interesting character, and went off without a hitch or a break, reflecting great credit upon the teachers and scholars of the University.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

Annual Commencement Exercises.

The Opera House was well filled yesterday afternoon upon the occasion of the Annual Commencement of the Nevada State University. In addition to our own citizens, there was quite a large attendance from the country, Carson and other neighboring towns. Great interest was manifested in the exercises and all were well pleased with the success which attended them and the manner in which they were conducted. The stage, which was occupied by the officers and teachers of the University, the pupils participating in the exercises and a few others, was decorated in the rear with an elegant banner, bearing this motto: "Mind Knows no Master but Will." At two o'clock the orchestra played the overture inaugurating the exercises. The essays of the business class, "Heroes in real life" by George E. Bates; "Industry leads to Success," Estella B. Ede; "After graduation—what?" Nellie G. Little; "Youth, Life's supreme Opportunity," Chas. Magill; "This wonderful age," Franklin J. Powers; "Loss and Gain," Clara C. Richardson; "Energy and what it will accomplish," Thomas H. Robb; "Trial Balance," Helen M. Shelby, were all far above the average standard, and were read with most excellent effect. Those of George E. Bates, Nellie G. Little, Frank J. Powers and Clara C. Richardson being deserving of especial mention. In the Normal class, "The Spirit of Pestalozzi," Blanche Atherton; "Old School Customs," Mary Clow; "Our National Motto," Frances Frey; "The Popular Bad boy," Helena Joy; "The New Education," Persia Lemmons; "Juvenile Literature," Adeline Morton; "School Song," Charlotte Shaber; "The Child of Fiction," Jennie McFarlin; "The Young Teacher," Annie Olcovich; "Post Graduate Education," Hattie Rhodes; "Child of the Public Press," Elizabeth Savage; "The Child Actor," Mary Snow. All evinced careful study and a thorough knowledge of the subjects by the several authors. If distinctions are admissible, the names of Misses Atherton, Joy, Morton, Rhodes, Savage and Snow would, perhaps, deserve to be printed in italics, although all were deserving of most honorable mention. The addresses to the classes by Governor Stevenson and Superintendent Dovey, were omitted on account of the unavoidable absence of those gentlemen; also the essay of Miss Chrissie A. Andrews, who too, was absent. President Jones announced that owing to the illness of Miss Kitty Linn, that young lady failed to graduate. He spoke of her as one of the very best scholars and regretted that she was not among the graduates. The solo by Professor Hayman was loudly applauded, as was also the instrumental trio by Hayman, Barlow and Fredrick, and the piano solo by Jennie C. Lachman. The orchestra was very happy in its selections and was the subject of many complimentary remarks, as well as judicious applause. The entire exercises in fact, were of a most interesting character, and went off without a hitch or a break, reflecting great credit upon the teachers and scholars of the University.

The "Post" on Stewart.

The S. F. Post has the following notice of our Junior Senator: "Stewart, of Nevada, is making John Sherman wear a hair shirt during the discussion of the silver question. Stewart is the most energetic and persistent man in public life to-day. There is no exhausting him and he has a hide as impervious to denunciation as rubber is to water. Moreover, he is in the right on the subject of silver, and he will hang on to Sherman and badger him and wear out his patience and strength, and land him in a sick bed with nervous prostration, cold and self-poisoned as he is. Stewart is a wonderful old man. In years he is already a patriarch, but in vitality and spirit he is a whole public school at recess time. He is a bonanza to the friend of silver."

The Governor Was There.

There is a general complaint, says the Appeal, over the failure of the State Board of Examiners to meet and pass on the monthly bills. It is but fair to state, however, that the Governor was at his post of duty.

With Hearst backing Clunie for the Senate and opposing White, M. F. Tarpey aspiring on his own hook, and Pond, Coleman and English battling for the governorship, while Father Buckley is not here to keep them all in order, says the San Francisco Post, there is going to be a beautiful scrimmage in the Democratic hunting grounds shortly.

RULES OF THE TRACK.

Entrance to all trotting and running races to
close with the Secretary at 9 o'clock P. M., on Wed-
nesday, August 20, 1890.

All entries to be made in writing, to give sex,
colors and marks of horses. Also name and resi-
dence of owner, and in running races colors to be
worn by rider, and any other particulars that will
enable the audience to distinguish the horse in the
race.

Write "Entries to races" on outside of envelope
and seal.

Entrance fee, 10 per cent of purse—to accompany
entries.

In all races five or more to enter and three or
more to start.
National Association Rules to govern trotting,
but the Board reserves the right to trot heats of
any two classes alternately, if necessary to finish
any day's racing, or to trot a special race between
the heats, or change the order of races advertised
for any day.

Unless otherwise ordered by the Board no horse
is qualified to be entered in any District race that
has not been owned or kept in the District six (6)
months prior to the day of the race, and any entry
by any person of any disqualified horse shall be
held liable for the entrance fee contracted, without
right to compete for a purse, and shall be held
liable to penalties prescribed by the National
Association and Rules of the State Agricultural
Society, and expulsion from the Association.

If, in the opinion of the Judges, a race can
not be completed on the closing day of the fair, it
may be continued or declared off at the option of
the Judges.

In all races noted above, five or more paid up
entries required to fill and three or more horses
to start, but the Board reserves the right to hold
entries and start a race with a less number and
deduct a proportionate amount of the purse.

When less than the required number of starters
appear they may contest for the entrance money,
to be divided as follows: 65% to the first, and 35%
to the second.

Rules of the State Agricultural Society to govern
running races except where conditions named are
otherwise.

Any person not intending to start his horse must
notify the Secretary in writing on or before 6
o'clock the evening of the day of the race.

Horses entered in races can only be drawn by
consent of the Judges.

For a walkover in any race a horse shall only be
entitled to his own entrance fee and one-half of
the entrance received from other entries for said
purse, and a horse winning a race entitled to first
money only, except when defeating the field, then
entitled to first and third moneys only. A horse
wins but one money under any other circumstances.

The attention of all parties interested in parties,
trotting races, under provisions of which, except
as otherwise specified, all matters pertaining to
the trotting races will be conducted.

Races begin each day at 1 o'clock P. M., sharp.

**REPUBLICAN
State Convention.**OFFICE OF
REPUBLICAN STATE CENTRAL COMMITTEE,
VIRGINIA CITY, Nev., May 20, 1890.
At a meeting of the Republican State Central
Committee of Nevada, held this day, it was ordered
that a

Republican State Convention

—BE HELD AT—
VIRGINIA CITY,

—ON—

Thursday, Sept. 4, 1890At 2 o'clock P. M., for the purpose of nominating
a full State Ticket, viz.

Member of Congress,
Governor,
Lieutenant Governor,
Judge of the Supreme Court,
Clerk of the Supreme Court,
Secretary of State,
State Controller,
State Treasurer,
Surveyor General,
State Printer,
Superintendent of Public Instruction,
Four Judges of the District Court,
Two Members of Board of Regents of
State University.

Also for the appointment of a

State Central Committee.

The basis of representation of the respective
counties in the said Convention shall be one dele-
gate for each 50 votes, and one for each fraction
of 25 votes or over cast for the Harrison and Morton
Electors, aggregating 148 delegates, apportioned as
follows:

Churchill County.....	2
Humboldt.....	2

Total.....	148

The several Republican County Central Com-
mittees will call.**Primary Election**

—Of the People on—

SATURDAY, AUGUST 16, 1890,For the purpose of electing delegates to the said
State Convention the Primary Election to be car-
ried out in compliance with the laws of the State
and the instructions of this Committee.

The following test will be required of each and
every voter at the said Primary Elections
"I am a citizen of this State and will support the
nominees of the Republican party."

The following resolutions were unani-
mously adopted:

Resolved, That this committee reaffirms the State
and National Republican platform of 1888, includ-
ing the declaration that "the Republican party is
in favor of the use of both gold and silver as
money" and that it "condemns all efforts to de-
monetize silver."

Resolved, That the persistent neglect of Secretary
Windsor to increase the coinage of silver to the
maximum of four million dollars per month, com-
piled with his attempt to influence Congress-
ional legislation so as to perpetuate silver demon-
etization, is a shameful violation of the silver
plank of the National Republican platform, and
that upon the rights and interests of the miners,
farmers and workers of the land, and an act of
party perfidy that should call for his retirement
from the councils of an Administration which is
pledged to help and not to hinder the remonetiza-
tion of silver.

Resolved, That the Republican party of this State
is in favor of free and unlimited coinage of both
gold and silver, that it holds to this principle as a
test of party faith and a test of party allegiance,
that it will permit of no abandonment or modifica-
tion of this doctrine, that let whoever will prove
recent to the principle of bimetallicism it will re-
main steadfast thereto, and that it invites all
voters in Nevada who favor the repeal of the in-
equitable interpolated law of 1876 by which silver
was demonetized, and who desire the establish-
ment of free and unlimited coinage as the law of
the United States of America, to join in electing
delegates to a Republican State Convention.
